Hey

May be good for you to go to P+G meeting to show support for Army - but is JP still going to be in Napa? We'll have plenty to talk about wed afternoon with Yaz and Rap coming to a head.

In more normal circumstances getting briefed on Santa Cruz would be a good idea - may not be a great idea now? Let's talk

Red eye, huh? Try to get on that return flight with JP - his plane has two right wings!

Cheers

Subject: Changes

I've decided to take the red eye back from oakland/napa Tuesday night rather than depart Wednesday morning. Will arrive Dulles 7:30 am Wednesday and plan to get into the office sometime after noon. Can meet on key issues with staff Wednesday afternoon. YaZ? Cafo? Perchlor?

Greg, should I try to go to the re-scheduled Wednesday P and G meeting (assuming it's in the afternoon)?

Also, I'm looking seriously at flying out to Phoenix on USAirways on Friday September 12 at 7 am so I could meet with AZ DEQ and others and either get briefed on or look at the Santa Cruz in Tucson. It would also be a chance to push for WaterSense. Shawna, is Phoenix a WS partner yet?

Because I have family in Phoenix and Tucson, I'd likely stay until early Sunday morning (obviously at no cost to the government).

Will learn more on Monday.
